

How to Pray

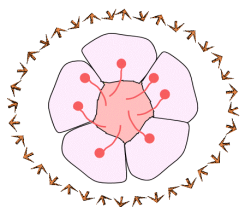

How do you start to pray for healing and forgiveness for yourself? This may sound like stating the obvious, but there may be many people who have never prayed. Or they may only have ever said 'set' prayers from a book. Many people may never have even considered God, let alone praying to Him. There is no actual right or wrong way to pray. So, where and how do you begin if you have never prayed before?

Once you recognise and accept that Jesus, the Son of God, died in your place for your sins then you can begin to talk to Him. If possible, find time and a quiet place to be alone - perhaps in your bedroom or in your favourite armchair. Make sure that there will be no distractions, including turning off your phone. If you have one, have a Bible with you, and a notepad and pen. This will help you make notes if you need to before you pray or afterwards. Settle yourself and begin to collect your thoughts about what you want to pray about. Then begin to talk to Jesus, just as you would a relative or a friend.

Speak from your heart in your own words. Praise Him for who He is - God Almighty, creator of the heavens and the earth. Thank Jesus for what He has done for you by dying on the cross and taking your punishment. Tell Him what you have done wrong and ask Him to forgive your sins (things you have done wrong). Ask Him to show you what other sins you need to confess, and if any come to mind, seek His forgiveness for those. Ask Him to cleanse you and to heal you. Ask Him to fill you with His Holy Spirit. This is how He lives in us and what makes a person a Christian. Don't worry if you cry when praying as that is part of the Lord's healing.

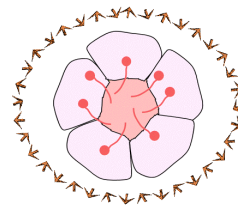

You may also wish to read some of the Bible verses that are on the website. Perhaps you may also have time to read the verses surrounding the given verses. God can talk to us through the verses of the Bible. Often people will say that although they had read a particular verse no end of times, they found it meant something much more as though it was meant just for them at that particular point in time. When you are finishing praying, thank Jesus for listening to you and thank Him for the forgiveness He has promised you. And thank Him for His Holy Spirit who will guide you in your Christian life.

Try to find some time to spend talking to Jesus every day. As you do, you will find He will bring to mind various issues or aspects of your life that need dealing with. Ask Him to change you into the person He wants you to become. Remember to be completely honest with yourself when praying as Jesus already knows all your thoughts. As time passes you may find that you begin to pray for others. You may also find you are led to a church where you can share your experience with others and where you can find support. Don't forget, when you pray, pray believing that Jesus is listening and is wanting to forgive and heal you so that you 'may blossom' into the person He intended you to be.

May Blossom Ministries Bringing Healing to the Nations

May Blossom Ministries has been set up to help everybody to gain understanding of the pain caused by the killing of children by abortion. The truth about the killing of children by abortion may seem harsh to some, but the reality of the damage caused to society is even harsher.

This booklet is taken from the Prayer Pages of May Blossom Ministries website to be a reminder of issues on a daily basis of the topics to pray about.

It is the hope that as more and more people pray each day on these set topics that the Lord, by the power of the Holy Spirit, will move across this land and healing, forgiveness and salvation will be found by individuals, and nations will once more uphold Christian values.

*"If my people,
who are called by my name,
will humble themselves and pray
and seek my face
and turn from their wicked ways,
then will I hear from heaven
and will forgive their sin
and will heal their land."*

2 Chronicles 7 verse 14

Prayer

“Our Father which art in heaven, Hallowed be thy name.
Thy kingdom come. Thy will be done in earth, as it is in heaven.
Give us this day our daily bread and forgive us our debts as we forgive our debtors.
And lead us not into temptation, but deliver us from evil.
For thine is the kingdom, and the power and the glory, for ever.
Amen”

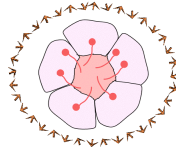

These are the words that Jesus taught his disciples when asked how to pray. (King James Version of the Bible - the book of Matthew chapter 6 verses 9-13) There was a time in the UK when every child was taught this prayer, known as ‘The Lord’s Prayer’, whilst at school but sadly this is no longer the case. Generations now no longer have this prayer ‘hidden’ in their hearts. Neither do they know the truths contained in the Bible about Father God who longs to have a personal relationship with them and how He made it possible by sending His only Son, Jesus to take their punishment for them for the sins (or debts) they have done against themselves, others or that others have done against them.

So many people are not in a position to pray for themselves as they are unaware of the God of the Bible who created them.

- Will you pray to our Father God who is in heaven for them?
- Will you pray that His kingdom of love and forgiveness is found on earth to those who are hurting?
- Will you pray that His will that all children are welcomed by their mothers and fathers and other members of the family, instead of being destroyed?
- Will you pray that support will be forthcoming for each woman that finds she is pregnant whether planned or unplanned?
- Will you pray that society is not tempted to try and solve its problems by killing our children and that we are delivered from the lies of Satan who is the ‘evil one’?

If you believe that prayer does change situations and circumstances then please join us in praying each day for different people. Remember that this is a spiritual battle, so when you see items in the news, lift those situations to the Lord as well. Please encourage others to join you in praying, or you may feel more comfortable praying in your own home by yourself. Praying is something that can be done at any time of the day - whilst travelling in a car, bus or train, when out walking or at any time when you have a few minutes to spare. Look around you and think - could that stranger be hurting and in need of prayer? Could they have been affected in some way by a child that has been killed by abortion?

Thank you for caring enough to pray for the healing of the nations. Our prayer is that you, too, will find the peace that passes understanding, as you reach out for others in prayer. Please see our sister site United for Life (www.unitedforlife.com) for further information on these and other prayer topics.

Saturday

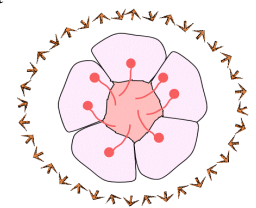

The Unborn

Although this site is primarily for the healing of those who in some way or other, whether by commission or omission, have been effected by the killing of children by abortion, we must not ignore the babies in the womb. Each child is of infinite value to the Lord God, Creator of Heaven and Earth. In Genesis 1 verse 27 it states that God created man in His own image, in the image of God He created them; male and female He created them. He then blessed them and said to them "Be fruitful and increase in number". In Psalm 127 verses 3-5 it says "Children are an heritage of the Lord: and the fruit of the womb is His reward. As arrows are in the hand of a mighty man; so are children of the youth. Happy is the man that has his quiver full of them."

Each child becomes a unique human being from the moment of conception, when the single sperm cell joins with the single egg. By about six days this individual person has moved from the fallopian tube where s/he was conceived to the womb and is ready to implant. It is not a fertilised egg that implants into the womb but a six day old person. By three weeks the baby's rudimentary heart starts to beat and should not stop until the time the Lord has decreed, normally in their old age. Other developments take place as the baby grows - brain, eyes, mouth, ears, lungs, stomach, arms, legs, nervous system, blood system, fingers, toes, etc. Some people say 'it' doesn't look like a human baby so it is okay to kill 'it'. But actually, s/he looks exactly like a human baby at that particular stage of development - whatever that stage may be. Those of us alive today all looked exactly the same at any particular age in our lives before birth. This is the way 'experts' can tell how old an unborn baby is, by looking to see at what stage of development s/he has reached. If the baby has human DNA from both his/her mother and father than s/he is human and should be allowed to grow. S/he is not a potential human but a human with potential. Each baby controls the pregnancy - the mother does not have control over her own body whilst she is pregnant despite those who say it is their body and so can do what they like with it. If that was the case the mother could just 'wish' she was no longer pregnant. The mother cannot even control the day or time of the natural birth of her baby.

Many babies are killed by abortion because they may have some disability. In Exodus 4 verse 11 it says "The Lord said to him (Moses), "Who gave man his mouth? Who makes him deaf or mute? Who gives him sight or makes him blind? Is it not I, the Lord?"" Whilst this might seem hard to understand and to accept, it does show that the Lord knows about people born with disabilities. We may not understand the whys or wherefores, but it does mean that babies with disabilities should be born. They may only live for a few seconds, minutes or hours, but in that time they can be shown love by those around them. It also means the mother doesn't have to live with the guilt that she killed her unborn baby by abortion. We only need to read Psalm 139 to see that the Lord knows the numbers of our days before even one of them came into being.

Please pray for each child that is growing in his or her mother's womb, that s/he will be allowed to grow until full term and then to be born. Please pray for the protection of each child in the womb, and for the support for the mother during her pregnancy. Please pray that intrusive procedures are not carried out on children in the womb purely to kill them if they don't meet a certain criteria. Please pray that unborn children will not be seen as a threat to society that can be 'got rid of' at any cost. Please pray that children, especially the unborn, are not seen as 'must have' commodities. Please pray for all the unborn children worldwide whose lives will end today through abortion. Pray that wherever possible, their mothers will change their minds and choose life.

Friday

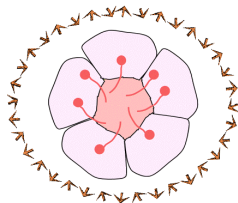

Enemies of Life

In some respects this is the saddest and hardest page to write. Any one in the pro-life movement will testify that we have few 'friends' who agree with us that the killing of children by abortion should not be an option. The Media, the Medical establishment including the NHS and especially the Family Planning Association (fpa), the Education establishment, the Government and Parliament, the Legal system, and businesses of all sizes and trades agree amongst themselves that it is a woman's right to choose to kill her baby by abortion. Most businesses do not have an actual vested interest but those in the pharmaceutical trade and those that supply the killing equipment do. They do not want to see anything stop their multi-million pound (or dollars) profits.

A surprising group to many people may be charities that oppose us. The most obvious charities are those that actually carry out the killing of unborn children for payment, especially Marie Stopes International that in many cases is funded by the NHS in the UK. Many other charities support embryo experimentation to 'help' find cures for their particular cause. Or the charity supports the promotion of contraception including condoms as part of their aid or health programme. Most businesses would say the killing of children by abortion is not relevant to their business but they will happily support certain charities that do oppose the pro-life stance. It also seems that most people care more for animals than babies and various animal charities actually state that people are the problem when it comes to the survival of certain animal species.

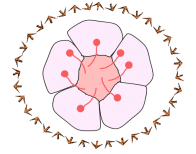

Even more sadly, the majority of Christian denominations have changed from the 'thou shalt not kill' stance to one of 'compassion' that says in certain circumstances it is okay to kill the unborn. Individuals within their own churches may be pro-life but they are few and far between. Secularism, Humanism and Feminism have taken over in formulating laws where once Christianity was the basis for the legal system in this country and throughout the world wherever Great Britain had any influence. Good is now called evil, and evil is now called good.

Wherever you look, opposition to pro-life views are everywhere. Pro-lifers have even been arrested for standing outside abortion clinics and/or showing pictures of babies that have been killed by abortion. The media still refuse to allow these pictures to be shown. Please pray that these pictures will be shown and the truth revealed. Please pray for society to turn back to Christian values. Please pray that individual members of society will acknowledge the truth about the killing of children by abortion. Please pray that all those who support the killing of children by abortion will put life before monetary profits. Please pray that we as a nation will come out from the Lord's judgement we are currently under and that repentance will be sought and forgiveness found. Please pray for strength for those in the pro-life movement when they come up against any form of opposition. Please pray that the superficial lifestyles led by many, will be awakened to the seriousness of what is happening around them. Please pray that the Holy Spirit will move on this land and bring revival. Please pray that in these last days before the return of Jesus that many will find individual salvation and healing.

Sunday

Mothers

Please pray for all women who are mothers. Mothers have a special role in society, bearing and then bringing up their children. However, many mothers have children who never saw the light of day either through miscarriage, or the baby was still born. Many babies die shortly after birth or in early childhood due to a disability, illness, accident and in some cases murder. Many mothers have been and still are forced against their will to destroy their child by abortion in countries such as China that has a forced one child policy. But millions of millions of babies worldwide have deliberately been killed by their mothers by abortion. Whatever the reason, each of these mothers is a mother of a dead child. Many are the mother of more than one dead child. Only each individual mother knows her own pain and each is unique. You may be one of these mothers who knows the pain of having a dead child. As you can see, you are not alone. Please pray for other mothers who are in a similar position. Many mothers of living children may also be the mother of a dead child. Seeing the living child or children can sometimes cause pain when the mother realises her family is not complete. Each and every mother needs our prayers seeking the Lord to comfort all mothers of dead children. Remember, too, the mothers of children who have been abducted and are still missing. These mothers are in a state of limbo as they do not know if their child is dead or alive. Pray especially for those mothers who are pregnant but are under pressure to destroy their child, for whatever reason, by abortion. Pray the Lord will reveal to them, what they inherently know, that they were a mother from the time of conception and destroying their baby is not an option. Children are a blessing and a gift from God. Pray for all mothers to be open to receiving the gifts of God that He gives so that blessings may abound.

Pray also for all the mothers who have killed their child(ren) by abortion but are still living in denial of their actions. Many mothers still believe that it is acceptable to kill children by abortion. They lie to themselves that 'it' is not really a baby. Please pray that the Lord will reveal to them the truth of their actions and that they will seek and find His peace.

Fathers

Please pray for all men who are fathers. Fathers used to have a special role in society by being the only or main breadwinner for the family. This is not necessarily so nowadays. Many fathers are rejected by the mother of their child or children and have to leave the matrimonial home. Or, as is more often the case, if they were never married, the relationship just ends. In both cases it is normally the man who loses contact with his child(ren). His only support might be the occasional visit or purely financial. Other fathers may have never even seen their child(ren) as s/he was killed by abortion with or without the father's consent. The current Abortion Act states that the mother doesn't have to tell the father of her decision to kill their child by abortion, even if they are married. Many men find out that they are a father when it is too late to save their child. The pain of helplessness is great for them as they inherently know that they should be protecting their child from danger, yet there was nothing they could do. Please pray that the Lord will strengthen them and that they will find it in their hearts to forgive the mother of their dead child. Pray that fathers will once more become the main provider for their families, providing not just financially, but by being the head and protector of the family. Pray that fathers throughout the nation will once again take their place in the family and not be 'part-time' fathers. That, where possible, they will renew their marriage vows of commitment 'for better or worse' and stay with their family through the rough times as well as the good.

Pray also for all the fathers who encouraged their child(ren) to be killed by abortion. Some of these mothers may have agreed willingly, others not. But in each case an unborn child died, and a mother and a father became parents of a dead child. Please pray that the Lord will reveal to them the truth of their actions and that they will seek and find His peace.

Other Relatives

Please pray for all other relatives of each child that has been killed by abortion. These include other siblings, grandparents, uncles, aunts and the wider family. Each person is affected by the action of a child dying through abortion even if they are unaware of what has taken place. The mother of the dead child changes. The father, if he is a party to the decision, also changes. Other family members who know also change. The killing of a child by abortion becomes 'a family secret'. Something to be forgotten, not spoken about, suppressed, denied. It is hard work keeping up the pretence of a major life changing decision that must not be mentioned. Other members of the family cannot understand what has happened and why some family members have changed. In some cases, more than one family member could have killed a child by abortion because nobody had told her of a previous occasion by someone else in the family. Had she known the pain it caused, emotionally and possibly physically, she may have kept her baby. Many families and relationships break up once a child has been killed by abortion due to the secrecy surrounding the action. Please pray that each family member will find time to grieve the 'should have been' grandchild, brother, sister, niece, nephew that was never allowed to be born. Please pray that families will be able to discuss what has taken place and that the family 'secret' no longer has a negative hold on each family. Please pray that families will acknowledge the truth of their actions towards each other and seek each other's forgiveness, and forgiveness from the Lord.

Please also pray that the denial will be broken for all family members who still believe that the decision to kill a family member by abortion was the right decision. Ask the Lord to reveal to them that it is their family that has been destroyed by the killing of another family member by abortion. Pray that they will seek the Lord to restore their family.

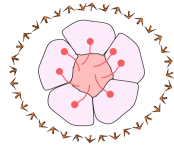

Monday

Medical

Please pray for all those in the medical profession that are involved in the killing of children by abortion that their consciences will be made aware of what they are doing and that they find the strength to protect all life, instead of killing innocent unborn children.

- The doctors that perform the operating procedures.
- The nurses and other operating staff that attend the doctor in the operating theatre.
- Those members of staff in the wards before and after the operation, especially those members of staff who have to dispose of the remains of the unborn baby.
- Those in the hospitals or clinics who book the mothers in and arrange the appointments.
- The counsellors who are connected to the clinics or hospitals who don't or won't tell the truth about the baby in the womb and how s/he will be destroyed, so that the mother is fully informed before she makes her anti-life decision.
- Pray especially for protection for those whose conscience objects to the killing of children by abortion but cannot say anything for fear of losing their jobs or future promotion.

To find out more about the actual procedures that are used to carry out the killing of children by abortion see the Methods page on our sister site - www.unitedforlife.com/methods.html. Please pray that the law will be changed to stop the killing of unborn children taking place in our hospitals, sometimes alongside mothers who are in the same wards having just given birth or miscarried their child.

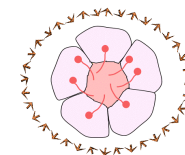

On 27 April 1968 the first of the children to be killed by abortion took place - the doctors were given six months to enable them to 'learn' the correct procedures. During the eight months of 1968 in England, Wales and Scotland, 25,195 (twenty five thousand one hundred and ninety five) operations took place. By 1973 the rates had risen in that year to 174,691 (one hundred and seventy four thousand, six hundred and ninety one). The cumulative total for those years was 650,671 (six hundred and fifty thousand, six hundred and seventy one). Yet despite these rising figures, the UK 'successfully' exported the concept of killing children by abortion to the USA. Their equivalent of our Abortion Act became law in 1973. In the UK we currently kill 3,000 (three thousand) children each week by abortion. In the USA they currently kill 3,000 (three thousand) children each day by abortion.

But it doesn't end there. The Family Planning Association (fpa) which began in the UK by Marie Stopes and was taken over by the NHS, worldwide has now exported the concept of killing children by abortion. Marie Stopes International and IPPF (International Planned Parenthood Federation) also work worldwide to promote the killing of children by abortion as a solution to 'women's health problems'. Together these organisations are lobbying the UN and the EU Parliament and all Governments worldwide to accept the killing of children by abortion as a 'right' for all women without the need for a doctor or even her husband or partner to have any say in the matter. Today there are very few countries that have resisted the call by these NGOs to enforce the killing of children by abortion on their countries. Those that do resist are under tremendous pressure with possible sanctions against them, including other medical treatment, food aid etc if they do not comply. In China the IPPF helped introduce a forced 'one child policy' which included forced abortions, forced sterilisations, forced contraceptive use and led to thousands of baby girls being abandoned as couples wanted boys. This 'one child policy' is now being seen as something that other countries, including the UK, should follow. The number of children killed by abortion each day worldwide is unknown, but guesstimates indicate it could be 50,000,000 (fifty million) a year. The whole world is hurting from the affects of children being killed by abortion.

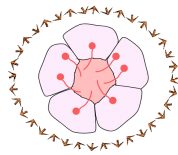

Please pray for each woman worldwide who has been harmed either physically, emotionally, or spiritually due to the death of her child or children by abortion. Please pray that hearts will be changed worldwide by those who make the laws so that those laws will be changed to prevent further killings of children by abortion. Please pray that those who seek to profit in any way from the killing of children worldwide will have their hearts changed and that they may blossom into loving caring people who realise that they have been deceived over the years in promoting death over life. Please pray for Governments worldwide that they will realise they are killing off their heritage and destroying the lives of those who remain. Please pray for all those institutions like the UN and EU Parliament where the killing of children is actively promoted worldwide, that they will recognise the evil of their actions and where that evil has come from. Please pray for all those pro-life organisations that have been seeking to stop these laws from being passed, that they may be strengthened in their resolve to continue in the fight against the forces of death. Please pray for this nation (the UK) that encouraged the killing of children to be promoted worldwide, that the Lord would turn this country back to the Christian nation we once were. Please pray that each person in this 'global village' would recognise that they are accountable to the one Creator God and on Judgement Day, as individuals, we each will have to stand before Him. Please pray that the millions of children killed each year by abortion throughout the world will stop and that their mother's will be given the proper support they need to continue their pregnancy safely.

Proverbs 24 verses 11-12 says "Rescue those being led away to death; hold back those staggering towards slaughter. If you say, "But we knew nothing about this," does not He who weighs the heart perceive it? Does not He who guards your life know it"? Will He not repay each person according to what he has done?" Please pray that more people worldwide will help the mothers who inherently know that it is wrong to kill their unborn children.

By changing their day of rest to a Sunday creation itself became something that could be questioned. This then eventually gave way to the possibility of the Big Bang theory and that evolution could take place. Man was no longer created in the image of God, but evolved from apes. Man had lost his inherent dignity and personal link to our Creator and so it did not matter about sin, guilt, conscience, the need to repent, eternity or anything else spiritual. Nor did it matter if babies were killed in the womb as they were just another animal and it was the survival of the fittest that decreed who should live or die. The whole of the Ten Commandments became irrelevant to the law of the land, and what the church leaders preached. Church leaders even today seem only to speak of God's love but not His justice to those who have sinned. They have joined the politically correct brigade that says everything and everyone must be tolerated; there is no right or wrong, just what feels good in each individual's circumstance. Although there are a few church leaders who do speak out against the killing of children by abortion, the vast majority of them do not. One reason is that they don't want to seem to be judging members of their congregations who may have killed a child by abortion and would be upset by hearing a sermon that it is wrong. The usage of contraception by all levels of society, including many church leaders and Christians of all denominations, also makes it extremely difficult to speak out against the killing of children by abortion, when the killing of a child by abortion is the logical and accepted solution to failed contraception, and that does not even take into account the numbers of children killed by the abortifacient nature of contraceptives themselves.

Please pray for our church leaders, that they will turn back to Biblical principles and speak out against the evil of killing children by abortion, whether that is by medication or surgical intervention. Please pray that they will see that by using, promoting or just accepting contraception they are not trusting to the Lord to supply all their needs. The Bible tells us that it is the Lord who opens and closes wombs and that children are a blessing from God, to be welcomed not avoided. The Bible also tells us that women saw it as a curse when they were unable to have children. Please pray that the Church leaders will repent of their silence concerning these issues and apologise especially to those women who are hurting because they have killed one or more children by abortion, for not having spoken out sooner. Please pray that they will encourage married couples in their congregations to accept the blessings of God by being open to have more children. As Church leaders, they above most people should recognise the spiritual fight that this world is part of - the fight between Christ and Satan; good and evil. They should recognise that Satan, the father of lies, does not want them to recognise the part he (Satan) has played and continues to play in deceiving as many people as possible into destroying life. Please pray that the hearts and minds of Church leaders will be open to the truth that comes only from Christ.

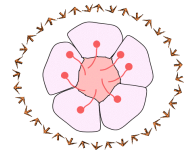

Thursday

Global

Prior to 1967 the killing of children by abortion in the UK was rare, although the proponents of The Abortion Act argued otherwise. They had been working stealthily to ensure that their anti-Christian, anti-life plans would succeed. They had already introduced the practice firstly of married women having access to contraception. Then they persuaded the Government to accept that it should be included in and funded as part of the National Health Service. In the early 1960's the 'sexual revolution' took place and the introduction of 'The Pill' was promoted as the answer to prevent the unplanned illegitimate pregnancies of the sexually active single women. Allowing single women to have access to 'The Pill' didn't, however, solve the problem of unplanned illegitimate pregnancies; in fact, the numbers were rising. On 27 October 1967 The Abortion Act was passed in the UK. This did not mean that the killing of children by abortion became legal. It meant that doctors would no longer be criminalised if they carried out the procedure under the new law if the woman's circumstances were covered by the Statutory Grounds.

Crisis Pregnancy Centres

There are hundreds of 'Christian' Crisis Pregnancy Centres throughout the UK. Please pray that each of these will not offer abortion as an option alongside adoption and keeping the baby, but instead make a stand for Christ and tell the mothers that come for help that abortion kills children and is always wrong. Pray that they will have the courage to speak out against the killing of children by abortion and not hide the fact that they are a Christian group originally set up to inform the mothers and fathers of the truth that killing children by abortion doesn't solve any problems but only creates more. Pray they will offer real support for each person who seeks help, whether it is for pre or post abortion counselling, informing the person seeking help that there is no justification whatsoever for killing a child by abortion, no matter how justified the person believes their own reason to be.

Contraception

Since the early 1900's the Church of England gradually allowed the use of contraception for its members. This was something that until that time Christians worldwide understood to be completely unacceptable. See Bible and Birth Control on our sister site - www.unitedforlife.com/bibleandbirthcontrol.html. Please pray that the eyes of Christians in particular and society in general, will be open to the evils of contraception and how, over the course of the last one hundred years or so, that this evil has been accepted as a normal everyday use by the majority of people including Christians. Please pray that children are once again seen as a blessing from God and not the curse that they currently now seem to be, with the solution of the use of contraception to prevent babies being conceived. Please pray that women and young girls who use contraceptive hormones recognise the potential damage and side effects that may occur in their bodies by their use. Please pray about the effects of contraception that flows through our water system that may be a major reason for the lowering of the sperm count in men. Please pray about the environment that is also affected by the contraceptive hormones that are expelled from the body into the water system, including rivers where detrimental changes have been noted over the years in the fish and possible other wildlife. Please pray that the failure rate of contraception and that the killing of children by abortion which is seen as the 'natural' backup will be recognised for the evil it is. Please pray that contraception should not be something that is promoted as a healthy lifestyle choice to school children at ever younger ages - the Government are being encouraged by the fpa (Family Planning Association) and others to ensure there is compulsory sex education from the age of five.

Breast Cancer

Over the last forty or so years breast cancer incidences have risen. The Government refuse to accept the studies that this can be caused by a woman killing (in particular) her first child by abortion. See Abortion and Breast Cancer on our sister website - www.unitedforlife.com/breastcancer.html. Please pray that women will be told the truth about the possible abortion and breast cancer link. Please pray that women who have breast cancer and have killed a child through abortion speak out so that more accurate figures can be collated and more accurate diagnoses can be made. Please pray that cancer charities will acknowledge the link and how their current figures can be wrong if they have never taken the killing of children by abortion into consideration. Please pray that the Government will accept the studies that show the link and admit that they are responsible for their inaction in informing women of the real risks that they take when seeking an abortion.

Please pray for the whole medical profession that they will understand and acknowledge the truth about killing children by abortion; that it is not a simple solution but carries long term consequences that can be avoided if the truth was told. Please pray for those people in the medical profession who are in denial and believe that it is acceptable to kill children by abortion at whatever age that the Lord will reveal to them the truth of their actions.

Tuesday

The Law

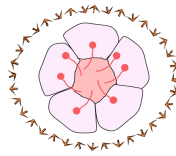

Please pray that the Abortion Act of 1967 will be reversed so that the womb is once again the safest place for a child to be and not the most dangerous, as is currently the case. Please pray for any subsequent amendments to the Act, including the Human Fertilisation and Embryology Act, to also be reversed, so that children will not be created outside the natural environment of the womb in 'test tubes' and experimented on, including becoming human/animal hybrids. Please pray that all genetic engineering on embryos is stopped if it means that the embryos are destroyed if found to be 'abnormal' or not to the required standard. Please pray that the law that allows selective reduction is banned instead of allowing or even encouraging women to have one or more children killed in the womb for the possibility of a 'healthy safe' pregnancy. Please pray that the law that allows embryo stem cell therapy is banned, and that only adult stem cells can be used for medical testing. Please pray that the phrase 'reproductive health' when promoted in the legislature does not include the killing of children by abortion, as it is currently understood to mean. Please pray against the ever increasing ease that is making the killing of children by abortion more available through school clinics, pharmacies and GP surgeries. Please pray that all future laws concerning the killing of children by abortion will recognise the truth of the actions involved by all concerned.

Marriage and Divorce

Since the early 1900's the Divorce laws in the UK have changed from only being allowed in extreme cases, after many years and based on adultery to become easily obtained with no fault on either side and finalised within a few months. This has in effect reduced marriage, where it has even been undertaken, to be considered something that can be easily got out of instead of the total lifelong commitment it was intended to be. Instead of a couple working together to sort out marriage problems, divorce is seen as the solution. So, when contraception fails the killing of the unborn child by abortion is seen as the solution. This is especially true if the mother of the unborn child has been unfaithful to her husband or her long term partner if unmarried, or a husband finds he has fathered a child with someone other than his wife or long term partner. To not be found out in the sin of betrayal the unborn child is destroyed. Please pray for all those in such situations who feel they have to live a lie to cover up their real feelings that they have killed their own child by abortion. Please also pray that any marriage relationships are not destroyed but that those involved can seek repentance and forgiveness from the Lord and then from each other. Please pray that any children from the union are protected from the damage caused by the breakdown of marriage and divorce. Please pray that the laws of the land will be changed to ensure that divorce is seen as a last resort in a marriage when problems arise, and not a first resort. Please pray for organisations that once used to try and help save a broken marriage but now try and ensure the divorce is amicable, that they revert back to trying to save broken marriages and try and prevent further damage that is caused to all involved. Please pray that mothers and fathers recognise their responsibilities towards their children and put the children's interests first and not their own.

Sex Education and the Sexual Revolution

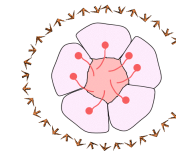

Over the years the ease of divorce and the rise in use of contraception has come about through policies that have turned women and young girls into disposable sex objects of no real value. Many young girls have been led to believe that to succeed in life, they must be super-slim and sexually available. Fashion, Magazines, TV programmes and adverts all promote this lie. The killing of children by children through abortion and pills is encouraged to continue the lie that says there is nothing wrong with being sexually active without any long term commitment. Even schools are encouraged to teach sex education to ever younger children that actually encourages them to try out what they have been taught, and breaking the law that says the legal age of consent is sixteen. The harm done mentally, physically and spiritually is unknowable, but the results are there for all to see. Please pray for all those who have been affected by these laws that have devalued women and young girls who whilst seeking love and acceptance have

been used and abused, especially those women and young girls who believed the lie and having become pregnant killed their child by abortion. Please pray for society to recognise that the sex education policies of this land only lead to more pregnancies outside marriage, the majority of which lead to the killing of the unborn by whatever means possible. Please pray for the protection of the children in this land who are abused by those seeking to promote sex for or with children as something normal and acceptable. Please pray that the laws of the land will be revoked so that sex is not promoted openly and so graphically, but chastity and abstinence is encouraged alongside purity and innocence. Please pray for all those parents who are trying to bring their children up knowing the difference between right and wrong despite what they are being taught by the schools and the sexual bombardment that is all around. Please pray for all those youngsters who wish to remain pure and chaste until they marry, that the Lord will give them the strength to resist the temptations that they will come across as they grow up. Please pray that sex is recognised as something created by God and undertaken within the context of marriage - one man and one woman - where it can be enjoyed with respect and dignity. Please pray for all those men who are seeking the right woman, or those women who are seeking the right man, to commit to in marriage for life, when they will then be treated with the respect they each deserve, but currently cannot find the right person due to the numbers of their peers who were killed by abortion. Please pray for an understanding through society that acknowledges that men and women are not equal but compliment each other, something divorce or killing of children by abortion destroys. Please pray that this nation will get back to the Christian values it once had.

The Legal Profession

Please pray for all members of the legal profession who draft the laws that allow the killing of children by abortion to be carried out in the UK. Please pray that their eyes and minds will be open to the truth of such laws which have been written over the last fifty or so years that have changed society for the worse. Pray that they will recognise their own responsibility in their own actions, or inactions, that have encouraged women and young girls to believe that it is acceptable to kill their own children by abortion. Pray that they will also recognise that any money earned by drafting and producing laws that lead to the killing of children by abortion, including the use of over the counter or prescribed pills, is blood money. Pray that they will realise that God's law says 'Thou shalt not kill' and so by writing laws that are contrary to God's law they are going against God Himself.

Wednesday

Church Leaders

Ever since Darwin and his followers first promoted evolution the Church and its leaders have been on the defence trying to explain man's existence within the framework of the 'Big Bang' theory. Had the churches kept the Ten Commandments prominently displayed in the churches, especially the fourth commandment that says 'Remember the Sabbath day by keeping it holy. Six days you shall labour and do all your work, but the seventh day is a Sabbath to the Lord your God. On it you shall not do any work, neither you, nor your son or daughter, nor your manservant or maidservant, nor your animals, nor the alien within your gates. For in six days the Lord made the heavens and the earth, the sea, and all that is in them, but he rested on the seventh day. Therefore the Lord blessed the Sabbath day and made it holy.' there would not have been a problem. But they had already produced a problem for themselves and the rest of mankind by changing the Sabbath from Saturday to Sunday, thus opening the door to the possibility that perhaps God's word was not written in stone.
